

TEDDY BEARS

The nice teddy bear jumps from place to place, picking up diamonds. The ground happens to be unsafe and for example you can fall into the water. Moreover, you meet different creatures that can take the place you look for and make the diamond unreachable. This is an easy and nice game for little users. Nice music and 3D graphics makes „Teddy Bears” a very enjoyable game!

- simply and funny game for kids
- 3D graphics
- nice music
- over 4000 preorders in Poland
